Question : 1 (ENLE02606)

0/1

Question

Listen to the recording and answer to each question with complete sentences in the dedicated area.

Answer with a full sentence that includes a verb.

1. How long should the pasta dough rest before rolling it out?

The pasta dough should rest 1 hour.

Justification de l'évaluation : The answer contains a significant factual error. The audio states the dough should rest for 'at least 30 minutes,' but the candidate claims it should rest 1 hour. While the grammar and spelling are correct, the factual inaccuracy is a major issue for a B2-level comprehension task where accuracy is essential.

2. How should the pasta be cooked?

Pasta should be cooked in an oily and salted water

Justification de l'évaluation : The answer contains a significant factual error that contradicts the audio content. The recording states pasta should be cooked in 'boiling salted water,' not 'oily and salted water.' While grammar and spelling are correct, the relevancy issue substantially impacts the score for a B2 level assessment.

Question

Listen to the recording and answer to each question with complete sentences in the dedicated area.

Answer with a full sentence that includes a verb.

1. Which buildings are located in Trafalgar Square?

There are the Nelson column and the National Gallery.

Justification de l'évaluation : The answer demonstrates B1-level competency with mostly correct grammar and spelling. However, it contains a grammatical error ('There are' should be 'There is' for singular subjects or the structure needs adjustment). The answer is relevant and includes a verb as required, but the phrasing is slightly awkward.

2. Where is Covent Garden located?

Coven Garden is based in city center

Justification de l'évaluation : The answer contains a spelling error ('Coven' instead of 'Covent') and a grammar mistake ('is based in' should be 'is located in' or 'is in'). However, the sentence structure is mostly correct and demonstrates B1-level English. The answer addresses the audio content but lacks the completeness expected for a full B1 response.

Question

Listen to the recording and answer to each question with complete sentences in the dedicated area:

Answer with a full sentence that includes a verb.

1. What does Patrick do every month as a member of the book club?

Patrick and the other member of the book club meet every month to discuss a choising book. The last book they discussed was a mystery novel.

Justification de l'évaluation : The answer demonstrates good comprehension of the audio content and provides relevant information in complete sentences with verbs as required. However, there is one spelling error ('choising' instead of 'choosing') and one grammar error ('member' should be 'members'). These mistakes are minor but noticeable at B1 level.

2. What are their plans for the next book club meeting?

The members of the bookclub are going to an author book signing event

Justification de l'évaluation : The answer demonstrates strong B1-level competency with correct grammar, proper spelling, and a complete sentence containing a verb as required. The response accurately captures the main information from the audio about the book club members planning to visit an author's book signing event.

Question : 4 (ENLE00737)**1/1****Question**

Speak about a time when you faced a significant challenge at work. How did you handle it, and what was the outcome?

Votre enregistrement doit durer au minimum 50 secondes.

After my previous job, we had a major product launch schedule. And two days before the deadline, our lead developer quit unexpectedly. And so the whole team panicked. And instead of pushing back the launch, I quickly redistributed the task, stayed late to handle the most critical parts myself, and coordinated closely with a junior developer to fill the gap. It was a very stressful moment, but we successfully launched on time. And that experience taught me that staying calm under pressure and communicating clearly with your team can get you through almost anything, and communication is really, really the key.

Justification de l'évaluation : The candidate demonstrates solid B2-level English with clear communication and appropriate vocabulary. The answer is well-structured and conveys the message effectively. However, there are minor grammatical issues and some repetition that slightly detract from fluency. Overall, the response meets B2 expectations with room for refinement.

Question : 5 (ENLE00746)**1/1****Question**

What are your professional and/or personal goals for the next five years, and how do you plan to achieve them?

Votre enregistrement doit durer au minimum 50 secondes.

My goal on a professional and personal basis is that I want to create a real balance between work life and personal life because it is very important to have a balance between work and personal life. So to do so, I really want to create time to do my hobbies and my passion, for example to go to the gym and also to do other activities than just work, such as painting for example. And on a professional level, I really want to find a job that I really like and that is very aligned with my values in a very, very great working environment.

Justification de l'évaluation : The candidate demonstrates B2-level competence with clear communication of goals and plans. However, there are minor grammatical issues and some repetition that slightly impact fluency. The answer is well-structured and addresses both professional and personal dimensions effectively.

Question : 6 (ENLE00724)**0.6/1****Question**

How did the Internet changed the way we communicate? Please justify your answer.

Votre enregistrement doit durer au minimum 60 secondes.

I'm going to change the way we communicate from a positive point of view, it enables you to keep contact with people that are not in the city you are living, who are, for example, in another part of the club, and also to discuss with people that you would have never met in the reality, but there is also a negative perspective of our internet change, the way we communicate, because it's only superficial, it's less in-depth, that real conversation in person, and sometimes it can be hard to express how you really feel through online discussion versus in real life discussion.

Justification de l'évaluation : The answer addresses the question with relevant points about Internet's impact on communication, presenting both positive and negative perspectives. However, there are notable grammar errors and awkward phrasing that fall below C1 expectations. The structure is somewhat disorganized, and the opening sentence is confusing. Despite these issues, the candidate demonstrates ability to discuss complex ideas.
